Salient features of your Ph.D. research work This is the first research to explore the work of Dr. Shri Madhusudanji Penna (Currently serving as Vice Chancellor at KKK University, Ramtek), a scholar poet, in the form of his two published epics and various other publications. It throws light on his two e pics, "Pragyachakshusham" and "Kavyakanthacharithram" and analyses them along with his other work published up till the year 2010. It serves to prove that, as opposed to the popular myth, Sanskrit is not a dead language and notable up and coming literature is still being contributed to the language by great scholars.
